**OctaHero**  
Saves the Reef

Dive into the reef with Jett, a little octopus with a curious imagination. When Jett discovers super coral—coral that stays colorful and strong even when the reef begins to fade—he knows he must act. With the help of his friends, Jett plants super coral to restore their reef. Through teamwork, determination, and a splash of ocean wonder, Jett shows that even the smallest creatures can make a big difference.

**Hillary Dow**  
Author-Illustrator  
*Indie Publisher*

Hillary Dow is a mother, author, and fiber artist in Maine, publishing children's books illustrated with her wool creations. Classically trained as an illustrator, the wool used for her artwork is responsibly sourced from sheep living happily on Maine farms. In 2025, Hillary published her fourth children's book titled Flock of Rock. Her growing small business offers original illustrations for sale, visiting schools and libraries for author visits (including a format with a felting lesson), and teaching live felting classes. All of Binding Tales' offerings make up the author - illustrator - indie publisher journey that Hillary enjoys very much.

Along with her husband, Adam, and their two children, the Dow family loves adventures in the great outdoors, picking all of Maine's seasonal fruits, baking, reading, paddling, fishing, hiking, traveling, and creating. Connect with Hillary online and learn more about all her products and services at [www.bindingtales.com](http://www.bindingtales.com).
